

Do you have any interesting old photos of the Michelago region, including local residents (past and current)?

We are looking for any photos to be included in a heritage brochure that the MRCA is developing and also possibly to decorate the Michelago Community Hall.

We are happy to bring a scanner to your place so that you don't have to lend your photos out and worry about them being misplaced!

If you do have some photos and are willing to share (copyright will remain with the owner of the photos, unless otherwise agreed), please contact any of the MRCA committee members or [e-mail us](#)

.
